THE BEE HIVE. FOR CLOAK SPECIALS.

These "specials" are no more worthy than any other of the thousand and one garments in our immense cloak stock. We've simply selected these four numbers at random so that you can give 'em 'special' attention and make proper comparisons. Number one is Ladies' Jacket of Tan Velvet Cloth with either double breasted or box front, half silk lined, would be lowly priced at \$7.50, our price \$5.75. Number two is a Misses' Jacket of Tan Velvet Cloth, box front, velvet collar, made to sell for \$8.50, savinly priced here at \$6.75. Number three is a Ladies' Double Cape of blue or black kersey cloth, trimmed with fur and three rows of Hercules Braid, others are asking \$8 for such as these, priced down here at \$1.50. Number four is a Fur Collarette, all silk lined, worth fully \$2.50, but we've marked 'em to sell quickly at \$1.75.

A Departure in Book Selling.

Mr. Jacob Outten, whose failing health has been mentioned, passed away at 5:10 o'clock last night at his home on West Second street.
Deceased was born October 28th, 1815, on the site now occupied by the Gravel Lumber Church, just across the street from the house in which he died.
"Uncle Jake," as he was familiarly called, had been a lifelong resident of this city, being an early member of DeKalb Lodge No. 12, I. O. O. F., his membership with that Order dating from September 23d, 1844.
He was a man of most kindly nature, a friend always to the unfortunate, at the same time being a very eccentric character.
He never married, but it had been his lot to raise and care for a number of orphaned children.
Although at his advanced age, 83 years and 11 days, Mr. Outten was still quite energetic, being at his shop on Saturday afternoon last. The funeral will take place tomorrow afternoon at 1 o'clock from the residence of Mrs. C. D. Outten on West Third street, with services by the Rev. J. O. A. Vaughn. STAMP TAX—RECEIPTS. Receipts may be given by a Depositor himself for his own funds in Bank—But if the Receipt is used by another party it becomes an order for the payment of money and is subject to stamp tax.

COMMISSIONER OF INTERNAL REVENUE. WASHINGTON, D. C., Oct. 31, 1898. Sir: I have to acknowledge the receipt of your letter of the 29th instant, in which you request the ruling of this office as to whether a receipt in the following form—\$—of the Bank of Lancaster, S. C.,—dollar on account,—filled out in the handwriting of an official of the Bank and signed by the depositor on calling for and receiving the money, is liable to stamp duty. In reply, you are advised that, in accordance with the advice of the Attorney General, this office holds that a receipt given to a Bank by a person to whom the Bank is indebted as a depositor or otherwise, or for whom it holds funds, is no more subject to a stamp than a receipt given for any debt or demand.

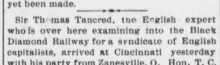

THE PURPOSE of the law is to require stamps upon checks, which are commercial negotiable instruments. A check, however, is required to be in any particular form. If it is a firm sufficient to constitute an order for the payment of money, it is not subject to stamp duty as a commercial negotiable instrument, then it is subject to the tax.

SAVINGS BANK, without the use of checks at all, the depositor having a book in which the bank denotes the amounts deposited on one side and the amounts drawn out on the other. Of course, the depositor in such case draws money out of the bank, but he does it by a stamp; but if he issues his receipt so that it will be good in the hands of another person to draw upon his deposit for the amount of it, then it loses the character of a receipt and becomes a check or draft, and is subject to tax. Respectfully yours, C. W. WILSON, Acting Commissioner. Cashier Bank of Lancaster, Lancaster, S. C.

THE LADIES' COMMITTEE will meet this afternoon at 3 o'clock in the Association Parlors. All ladies interested in the work are requested to be present.

PROUD CITIES.

Maysville Not Behind Her Sisters in Attractions For Strangers.

The New York Press says cities, like men and women, possess attributes of which they are particularly proud.

In Cincinnati they ask you first "Have you been to the Rhine?" In Chicago, "Have you seen the Stock Yards?" In Albany, "Have you seen the Capital?" In Boston, "Come, let us show you the Common."

In Philadelphia, "Come out to Fairmount." In Washington, "Let's drive to Cabin John and have dinner."

In Baltimore, "Have you had oysters at Sheehan's?" In St. Louis, "Have you seen the path of the cyclone?" or "Spent a week with me at Merriam Heights?"

Columbus, O., "Ours is the longest canal in the world; come out to Olentangy." Galveston exhibits her beach. New Orleans her French quarter and the levee. San Francisco her Golden Gate, Savannah her Beaufort and Tyne, Charleston her Sumter and Sullivan's Island. One goes to our Battery without being told.

And the proud Maysvillian throws his arm around his victor's neck, yanks his head to one side and whispers into his left ear, "Just get onto our beautiful mud streets!"

HECHINGER & CO. LEADERS IN FINE CLOTHING AND SHOES

Black Goods!

The most effective advertisement we can write for the new Black Goods is "Come and See." What only color is becoming to all complexions? "Black." What only color is suited to every season? "Black." What only color is suited to tall or short, stout or slender people? "Black." That's just what we're thinking as we survey our stock of new Black Goods. And you'll endorse our opinion. We can't prevent the truth from being said; that's coming, but we can help you skip it if you share the good fortune while these lasts.

\$1.50 BLACK GOODS at \$1. Mohair and Wool. Furrowed Goods, 42 inch wide, made by Pringle, one of the fourteenth heads for best Black Goods. Only \$1.50. It is a duster dress, design on crepe ground. Other styles have crease folds of moiré in skirt effects. Very striking. Ton style.

WILL THE PEOPLE SUBMIT?

Following are the ten results of the infamous Gableton Election Commission: Democrats absolutely control the election system in every county in Kentucky. In 36 counties there are two Democratic and one Republican Election Commissioners; in 13 other counties there are two Democratic and one Republican Commissioner; and in the 10 remaining counties we have solely Democratic Boards.

Republicans are in a helpless minority of one against two in 56 counties, and in 24 counties they are absolutely without representation on the boards that are masters of the election machinery, pass upon all election contests and from whose most infamous decisions there is no appeal.

The Republican organizations were not permitted to do this for the few licensees appointed, and it is a notorious fact that the so-called Populists are nearly all Democrats in disguise, having voted and acted with the Democratic party on every important occasion in recent years.

The mask of hypocrisy that was put on when Judge Payton was elected a member of the State Election Commission has been thrown off, and the general conspiracy is revealed in all its hideousness. Has the Republican party been such an enemy to the state and Nation as to justify these outrages against life and decency to drive or keep it from power?

Is the supremacy of WILLIAM GOODE and his big-headed followers so important to the welfare of Kentucky as to condone this unspeakable rape of the ballot? Will the people submit?

In other counties where the issue are to be voted on, politics has given way to the Free-Turnpike and Bond Issue question. The people, and very properly, are alive to the importance of this matter, and want it settled now and forever. To do this, there is only one plain and straight way, and that is to vote for Free Turnpikes and then vote for the issue of \$50,000 in 4 per cent. bonds to pay for those turnpikes. Your Fiscal Court has unanimously asked you to buy. This will secure free travel for all the people on all the roads all the time. Any other course will result in a restoration of tollgates, a renewal of guards and an immense outlay each year to pay for them, without the slightest benefit to the taxpayers.

PEOPLE who denounce merchants or manufacturers because they do not pay big wages to their employees ought to stop and think just how far they are themselves to blame. Are you quite sure you are not one of those who go around seeking "competitive bids" every time you have \$1 50 worth of work to do? Are you quite sure you don't hunt the store that sells goods at a cent less than any other? And so long as you get the advantage of this one eighth of a cent, do you really care, anyway, whether the higher priced store pays its clerks \$10 a week, or whether the lower priced store pays its clerks \$2 a week? If employees are paid poor wages, in nine cases out of ten the fault is with those who are everlastingly demanding cheap products. "A cheap cost makes a cheap man," that is, a poorly paid workman made it.

Tim Gold Heaver, which the Free-trade Cleveland Administration couldn't keep up to the \$100,000,000 mark without the sale of \$203,000,000 in interest-bearing bonds, is now nearly \$250,000,000. That's the difference between Free-trade and Protection. Fact is the Treasury officials can't get rid of the gold; when people find out they can get it, they don't want it—but it's a mighty comfortable feeling on the part of every patriotic American to know that his Uncle Samuel has a surplus of the best money in the world to make good all his promises.

GENTLEMEN who are violently opposing the annexation of any additional territory to the United States do not occupy a new or novel position. They are only imitators of able men who have been mortified at finding how greatly they were mistaken in their opposition to American grandeur. When the debate on the Oregon question was in progress in the United States Senate GEORGE MCDUFFIE of South Carolina said:

"As I understand it there are 700 miles this side of the Rocky Mountains that are uninhabitable, where rain never falls, where there are mountains wholly impassable except through gaps. How are you going to supply steam? Have you made estimate of the cost of a railway to the Columbia? The wealth of the Indies would be insufficient. What use would it be for agriculture? I would not give a pinch of snuff for the whole territory. I wish the barrier, if there was an impassable barrier of 5 feet to be removed I would not consent to expend \$1 to remove it and enable our population to go there. \$100-Repard-\$100. The reader of this paper will be pleased to learn that there is at least one dread disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly on the blood and mucous surface of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address, F. J. Cheney & Co., Toledo, O. Sold by druggists, 75 cents. F. J. Cheney & Co., Toledo, O. Hall's Family Pills are the best.
